

## **Suggested Supplies for Corey Pitkin's All Media Portrait Workshops**

For oil painters - please bring at least a red, a blue, a yellow and a white, a 11"x14" or larger canvas or panel, a mix of brushes (the larger the better), odorless mineral spirits or other oil painting medium (no turpentine), a palette, and palette knife.

For pastelists, please bring assorted pastels, multiple sheets of colored, textured paper, a kneaded eraser, and masking tape.

If you are working in a different medium bring what materials you are comfortable working with. If you feel that you need suggestions please look through the supply list book at other workshops in your media of choice for a general idea. The good news is, for All Media courses there are really no wrong answers!
